## MATHS WEEK FUN!

This week we decided to venture outside the classroom, abandoning schemes and worksheets to reignite children's enthusiasm for maths. Our planning for the week's activities has offered opportunities for children to expand on what they already know, develop new skills, encourage children to make links in their learning and above all explore and take risks.

What a success it has been!

Maths learning has certainly been memorable this week and a great deal of fun.

Thank you so much for embracing the practical outdoor maths at home too.

## Times Tables Rock Stars top 10!

Not much has changed in top 10 as part of the update for this week. There are only 4 seconds between Miss Watts and Gabriel now. Plenty of opportunity for others to make the top 10.

### **Sports Week is coming up—SAVE YOUR BOTTLES!**

During the week commencing 13th July, we will be holding a 'virtual Sports Week' at Sutton Primary both for the children in school and for those who continue to learn at home. The focus for this will be around fun and active games and activities with an emphasis upon trying something new. In preparation and readiness for this, if you are home learning, we would ask that you save empty, plastic bottles of any size for one of the challenges and that you obtain a pack of balloons.....all will be revealed! Bottles and balloons will be provided for children taking part in school.

### **Forthcoming Dates**

3rd July—Parents notified of teaching arrangements for September

7th July—New Reception parents' evening (details already circulated)

8th July—Move up day

w/c 13th July—Sports Week

16th July—End of year reports sent out to parents

21st July—Last day of school for the children

22nd July—End of Summer term (Summer holidays)

### **Relationships education, relationships and sex education (RSE) and health education questionnaire**

The Department for Education has placed an expectation that school's will begin to teach the new RSE curriculum as a statutory requirement from September 2020, in all primary and secondary schools. To view these requirements, more information can be found at <https://www.gov.uk/government/publications/relationships-education-relationships-and-sex-education-rse-and-health-education>. In order to seek your views on delivery of this curriculum and to identify how we are able to shape our policy on such teaching, you will shortly be receiving a questionnaire about this matter. We would greatly appreciate your responses to this questionnaire, **no later than 6th July**. We will then be able to collate and consider responses in readiness for September. It is important that we seek your views, so that we are able to respond to any worries or concerns about the DfE expectations and to provide you with clarity about what will be taught.

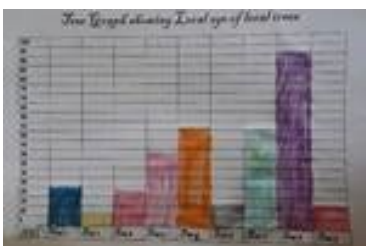

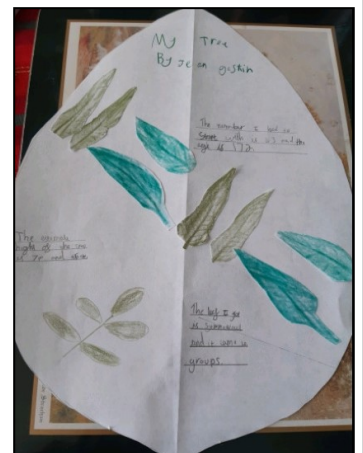

# Headteacher roll of honour

Iris, from Ruby Class— Iris has embraced her home learning with enthusiasm every day. This week she has enjoyed completing her maths challenges outside.

Sophie from Zircon Class— Sophie for really embracing the Maths this week, she had made cakes, been telling the time and observing her garden over a period of time. She has worked really hard throughout lockdown and always puts in a huge effort into her learning, as you are able to see in these pictures.

Jean from Citrine Class—Jean has created some fabulous work during Muddy Maths week. She always puts in 100% effort, and has produced some thoughtfully presented work because of this.

Jara from Amber class. She always works very hard on her home learning and will often extend her learning further. She made a wonderful graph from the research that she got from measuring the trees in Sutton.
