

## PSHE

This term we are focusing on 'myself' and people around us. Alongside this we are learning about Respect and friendship.

Anti-Bullying; to coincide with Anti-Bullying Week in November we will be learning how we can include people and help ourselves and others if they are being bullied.

## Maths

This Term the Maths Topics we are focussing on are:

Place Value: We will continue to develop our knowledge of the value of numbers and how they relate to each other.

Addition and Subtraction: We will develop our understanding of what subtraction and addition are and how to use concrete resources.

Fractions: We will be learning about simple fractions and identifying them.

## English

We will be exploring a range of different text types. These will all be linked to the topic and children will have opportunities to write poetry, non-chronological reports and story narratives.

We will be continuing to learn different aspects of grammar with a particular focus on punctuation.

Applying phonics knowledge to writing will be threaded throughout.

## PE

Indoor PE will be a mixture of orienteering (team building) and dance this Term.

Outdoor PE will be led by Mr Baxter, the sports coach, we will be learning a variety of ball skills.

## RE

This term we will be learning about the story of Creation.

We will also be learning the Christmas story through our Incarnation topic.

KS1 Autumn Term  
2019

## Music

During this term we will be learning a selection of Harvest songs and Nativity songs. We will also be focusing on Rhythm, pitch and beat.

## Science

Our Science Topics this term are Materials (Recycling) and Seasons

During the first part of the term we are learning about the different seasons and what those seasons bring.

During the second half we will continue to keep a 'watch' of the seasonal changes but be focusing on materials and how they change.

## Topic

During Topic this term we are exploring the process of recycling and beginning to think about the importance of recycling. We are then moving on to think about how that links to trade and what fair trade is and means.

## Art / Design and Technology

During this term we are learning the skills of collage and weaving using recycled materials.

## Computing

This term we will be learning how to stay safe online and what we should do if we see something that makes us feel uncomfortable.

We will be logging on independently and using a simple search engine to gather information. We will also be using programmable toys.
