

English

In English this half term we are learning how to explain something. Can you write some sentences to explain how Jack got rich in Jack and the Beanstalk?

Maths

Year 1: Choose any number from 11-19. Roll a dice. Add the number you have rolled to your first number.
Year 2: Roll a dice twice to make a two digit number (e.g. rolling 2 then 4 makes 24). Make another two digit number in the same way. Add them together. E.g. $24 + 36 = ?$

Science

Could you have a go at growing your own seed? Keep a diary of what happened. What did you plant need to thrive and be healthy?

Phonics

Do you know all of your 'special friends'? Have a look at the BBC Bitesize website and watch the video for any sounds you don't know.

[Phase 3 phonics - KS1 English - BBC Bitesize](#)

Choose one of these activities to work on each week (except the spelling activity which needs to be more often). Please remember to do some reading at least 5 times per week.

Music

Have a go at composing your own tune using high and low notes. You could sing it or play it on an instrument.

Computing

Write some sentences on the computer. It can be about anything you are interested in. Here are some ideas:
football unicorns horses fairy tales

Spelling

Please see attached the list of common exception words for year 1 and 2. Put the list on your fridge. Practice one or two words each day.

Handwriting

See the attached handwriting sheet. Write this sentence:
The quick brown fox jumps over the lazy dog.
Make sure you have formed all of your letters correctly.
